CHANGE THE WAY YOU MOVE.

The all-new Twist Express is no ordinary bike. And it's not an electric bike. It's a new type of hybrid that seamlessly combines battery power with your own pedal power to help you ride farther, faster, and with less effort. And paves the way to a fitter you, and a brighter, greener future.

TWIST EXPRESS SERIES

TWIST EXPRESS SERIES:

Featuring Giant's exclusive Hybrid Cycling Technology with state-of-the-art energy management system, Twist Express is light, efficient and reliable. It looks like a slick city bike—and it is—but it's so much more than meets the eye. And so is the savvy person riding it.

TWIST EXPRESS

FEATURES:

- Lightweight men's geometry aluminum frame
- Lithium-ion EnergyPak provides range up to 40 miles on a single charge (depending on type of riding and terrain)
- Adjustable stem for perfect positioning

TWIST EXPRESS W

FEATURES:

- Lightweight women's geometry aluminum frame
- Lithium-ion EnergyPak provides range up to 40 miles on a single charge (depending on type of riding and terrain)
- Adjustable stem for perfect positioning
